

Hoover and Smith 2 Change Pleas Greet Each Other And Are Fined At Belle Isle In County Court

Defeated Candidate Calls on President-elect, Offers Congratulations and Wishes Him Luck—Both Reminiscent About Recent Campaign—Meeting Arranged by Raskob.

Miami Beach, Fla., Jan. 29 (AP).—President-elect Hoover and Alfred E. Smith spent twenty-five minutes with each other today at the Hoover vacation home on Belle Isle, mostly reminiscing about events in the spectacular campaign last fall in which they were principals.

Wearing his celebrated brown derby and formal morning clothes, the Democratic bearer of 1928 reached Belle Isle promptly at 11 a. m., the hour for his appointment with his victorious opponent. His inevitable cigar was very much in evidence as he stepped from the car in which he had driven from his hotel.

Accompanying the former governor were John J. Raskob, chairman of the Democratic national committee, and William F. Kennen, lifelong friend. Smith led the way up the short concrete walk to the door of the sun parlor where he and his companions were greeted by Lawrence Richey, secretary to Hoover.

The president-elect stood just within the doorway and shook hands first with Smith and then with the other two. The visitors were made comfortable in two large easy chairs and the president-elect and the Democratic leader did most of the talking.

Smith congratulated Hoover. Governor Smith said afterwards that he had congratulated Hoover and wished him luck.

"And I meant it," he added, emphasizing each word. "We talked that happened during the campaign," the former governor said on, explaining that Mr. Hoover stated some of his own experiences and gave him amusement and that he did likewise.

"Mr. Hoover looked well," was the comment of the distinguished visitor.

Their first talk. This was the first talk the late opponents ever had, although they had met once before back in 1924 when both were speakers from the same platform in New York city.

The former governor when leaving the house agreed to go to the executive's offices a couple of hundred yards away, to talk with the newspaper correspondents, who were with the President-elect, but before he reached there he changed his mind.

Mr. Smith drove directly back to Coral Gables for breakfast, explaining that he had come away from his hotel without his morning meal in order to be on time for his call.

Arranged by Raskob. The engagement was made last night by telephone from the Smith headquarters at Coral Gables, by John J. Raskob, chairman of the Democratic national committee, who is accompanying Mr. Smith on his vacation trip.

This was some hours after Mr. Hoover had issued a public statement saying that he would be glad if the former governor could find time to call.

Besides the governor, Mr. Hoover had several others on his calling list for this afternoon including Albert D. Lasker, of Chicago, who was chairman of the Shipping Board in the Harding administration.

Harvey Firestone, who has a home at Miami Beach, will be a luncheon guest at the Hoover home, as will Associate Justice Harlan F. Stone and Mrs. Stone.

The President-elect hopes to get away this evening for Long Key, Fla., eighty miles south, to resume his quest for a sailfish. Whether the Hoover party will depart this evening or tomorrow morning will depend on last minute weather reports.

A rather heavy sea was running at Long Key last night and unless it has subsided, departure will be postponed until tomorrow.

JOHN PALEN STRUCK AND INJURED BY AUTOMOBILE.

John Palen of 117 North Front street while walking behind a team of horses on the Kingston road, just over the viaduct, was struck and injured by an automobile driven by A. H. DuBois of 680 Broadway on Monday. The city ambulance was called and removed Palen to the City of Kingston Hospital, where, after having his injuries dressed he later left for his home. The horses were brought to the stables of Elmer Palen, a nephew of the injured man, by Sheriff Rice, who had been called to the scene of the accident.

Dry Raids in Albany. Albany prohibition agents backing with action Administrator Palmer Casfield's determination to "dry up Albany," started a series of raids over the week end, resulting in the arrest of 14 men and the confiscation of a large quantity of alleged liquor. Two cabarets in Albany were among the tea places raided.

Ambulance Calls Here. Monday the city ambulance removed Mr. and Mrs. John Gibbons from their home, 184 Downs street, to the City of Kingston Hospital, and Charlotte Smith from 165 Ten Broeck avenue to the City of Kingston Hospital.

Charles Herb Fined \$25 For Possession of a Firearm—Marry Solomon Fined \$30 for Shot Machine Charge—Cases Put Over Term.

Two criminal cases were disposed of Monday afternoon in county court when two defendants who had previously entered pleas of not guilty changed their pleas from not guilty to guilty. Both were minor charges and in each case were imposed.

Charles Herb of this city, indicted for possession of a firearm without a license, was fined \$25 when he changed his plea to guilty. F. W. Brooks appeared for him. It was explained that the gun in question was owned by a person who had a permit but Herb had the gun in his possession for a very short time and was arrested. Judge Fowler in sentencing Herb stated that he did not believe that Herb had any criminal intent and that the gun was not loaded at the time and consequently the charge was not of a very serious nature. He directed Herb to pay to the county a fine of \$25 which was paid.

Harry Solomon, charged with possession of a slot machine, also changed his plea to guilty and was fined \$30 to be paid to the county of Ulster.

In the case of Edith Lee, charged with operating a disorderly house at Edenville, a further extension of time was granted defendant's counsel in order to produce her in court. The time was extended to Wednesday at 2 o'clock before forfeiting bond.

Sent to Dannemora. John Gillespie, who a year ago was sentenced to a term of from one to two years in Dannemora prison but who received a suspended sentence was brought in court on a charge of violating parole. The suspension was revoked and he was committed to Dannemora under the original sentence. Gillespie, who is suffering from a lung trouble, will be cared for at the prison hospital.

Cases Put Over Term. The case of The People against Walter F. Hoejger was put over the term on motion of defendant's counsel.

The case against Gertrude Jones was also put over on account of the illness of defendant. The case against John Koslowski and Edward Smith also went over on account of the absence of an important witness.

Select Jury in Accident Case. Selection of a jury was commenced in the case of The People vs. Davis Haber, charged with leaving the scene of a motor car accident without stopping to give necessary information. John W. Eckert appears for defendant. Whether the case will go to trial depends upon the securing of a witness for The People who resides in New York.

She failed to respond to a subpoena issued for Monday afternoon and the court was informed that a child was ill and a new subpoena was issued to be served Monday night returnable at the opening of court today.

Woman Ordered To Leave City

Mrs. Anna Girard Pleaded Guilty to Disorderly Conduct—Her Three Children Being Cared for by State Charities Aid—Other Police Cases.

Mrs. Anna Girard, a white woman charged with undue familiarity with a negro, pleaded guilty to disorderly conduct when arraigned before Judge Shufeldt in police court today. She was sentenced to sixty days in the county jail and the serving of the sentence was suspended provided she leave town within two weeks.

"Does that mean that I can't come back and see my children?" she asked. She was informed that she would have the privilege of seeing her children, but that she must not make Kingston her home in the future. Her three children have been taken under the supervision of the State Charities Aid.

This morning an adjournment to February 6 was taken in the case of Edward McDonough, arrested on the complaint of Frank Kouhout of Linderman avenue extension, who charged McDonough with assault in the third degree.

Emil Frank of St. James street, arrested for public intoxication on North Front street, paid a \$5 fine.

Edward Wood of 13 West Strand, arrested for public intoxication, was also fined \$5. He said he had not worked in six weeks but his wife was working. The court informed him he should be ashamed of himself using the money his wife earned to purchase drink with.

ODD HUNTING ACCIDENT RESULTS IN DEATH

Niagara Falls, N. Y., Jan. 29 (AP).—Edwin Hasely, 18 years old, of Sanborn, a few miles northeast of this city, died of a skull fracture in a local hospital today, the victim of an unusual hunting accident. Hasely and some other youths were in a grove near his home Thursday when they saw a coon in a tree. One of the boys broke off a limb of the tree to dislodge the coon and the limb struck Hasely on the head.

Roosevelt's First No Provision in Budget Referred State Budget for To Committees

Takes Usual Course of Appropriation Bills Despite Opposition of Democrats and Against Wishes of Governor—Calls for Appropriations of Over Quarter Billion Dollars.

Albany, Jan. 29 (AP).—The two hundred and fifty-six million dollar bill representing the first executive budget of Governor Roosevelt reposed in the hands of the legislative finance committees today where it was placed over the bitter opposition of Democratic members of the Senate and Assembly and against the wishes of the governor.

The budget called for total appropriations of \$256,418,774.58 to meet the cost of operation of the state's machinery during 1929 and represented an increase over the 1928 budget of \$23,775,072.48. It was the first budget which had been prepared by a governor in conjunction with state department heads.

The Democratic members of the Legislature fought vainly against the motion to treat the appropriation bill as a legislative bill and accordingly refer it to the Senate Finance and Assembly Ways and Means committees. The Democrats contended that the executive budget amendment to the state constitution provided that revisions should be projected by the entire membership of both houses rather than merely by the committees and that the bill therefore should not be sent to routine finance committees.

The argument over disposition of the bill in the Senate finally involved the Senate president, Lieutenant Governor Lehman, who supported the contention of Minority Leader Downing and his followers that the bill should be referred to the Senate as a whole.

Senate Overrules Lehman. Majority Leader John Knight, who had moved to send the bill to the finance committee, appealed from the ruling of the chair and a slow roll call resulted in defeat of the chair's ruling, 22 to 18.

In the Assembly a similar debate occurred when Minority Leader Maurice Bloch asked that the appropriation bill be placed on special order of second and third reading so that it would be kept from the ways and means committee. Majority leader Russell G. Dunmore raised the point of order that this was contrary to the rules of the House and was upheld by Speaker Joseph A. McGinnis.

Largest Increases. Two of the largest increases in individual items of the budget were \$8,550,420.46 for education and \$1,075,000 for bridges and highways. Under the general classification of construction, covering the building of state institutions, an increase of \$14,114,475 was noted.

The governor reported to the Legislature in his budget message that the total available resources against which the Legislature could make appropriations was \$262,133,590.88 and that if his budget appropriations were approved a free cash surplus of \$5,714,816.30 would remain. A request for total appropriations of \$290,873,236.32 was submitted the governor by department heads in his budget-making conferences.

Governor Must Approve. The Legislature, under the provisions of the constitutional amendment, may reduce or strike out any item of the budget or may increase or add items, but the increases and additions can be made only with the approval of the governor.

FIVE-CENT LOAF OF BREAD RE-APPEARS

After a long absence from Kingston the five-cent loaf of bread has reappeared. The Mohican Company after discontinuing the nickel loaf for a long time is again advertising a full pound loaf of bread for five cents. This is the first appearance of the nickel loaf since war times and Manager Trowbridge of the Mohican Company states that the pound loaf for five cents is back again permanently with the Mohican Company. For some time the price has been seven cents but owing to lowering overhead costs in the Mohican bakery of John street the company has been able to bring back the old price.

RIPEN STRAWBERRIES IN HALF TIME BY ELECTRICITY

Paris, Jan. 29 (AP).—A light but expensive lunch or electrically ripened strawberries heartened the labors of the Academy of Sciences today.

The berries were produced at a meeting as an illustration of the feasibility of making different plants grow rapidly by artificial light. Two research workers, Georges Truifant and M. Thurneyssen, took only forty days to bring the berries to maturity as against 80 days required by the sun.

The strawberries came high, however. It cost five dollars a berry to produce them.

An Auto Collision. Early Monday evening the cars of Arthur Alcon of 11 East Strand and Mrs. Hilah Chaitaway, clerk of the city court, collided at Broadway and Foxhall avenue. Both cars were slightly damaged but no one was injured.

But Legislature Is Empowered to Add Appropriations, and Both Senator Wicks and Assemblyman Davis Will Re-introduce Their Bill of Last Year Appropriating Funds.

Albany, N. Y., Jan. 29 (Special).—No provision was made in the first Constitutional executive budget, transmitted to the legislature last night by Governor Franklin D. Roosevelt, for a new armory in Kingston or for purchase of, and as the initial step for its construction.

However, this does not mean that Kingston's chances for a new state structure this year are entirely faded. Senator Wicks and Assemblyman Davis, the Ulster county legislators, intend to re-introduce their bill of last year to this effect, and strive their hardest for its enactment.

But this will be no small task. Under terms of the amendment adopted in 1927 making the executive budget part of the fundamental law, the legislature is empowered to add appropriations or increase individual items. When the Kingston armory bill, or one for lands therefor, is offered, it will go to the finance committees of both houses, and if approved by them, would be drawn up as a supplemental appropriation and sent to the governor for his official O. K. Both the finance committees and the governor, however, constitute huge obstacles in the way of the enactment of such a bill.

"I am hopeful," Senator Wicks said last night, "that the bill will meet with approval. At any event, we shall try to the limit of our abilities to get it through." The measure he introduced last year called for an appropriation of \$200,000. It was killed in committee.

As a matter of fact, appropriations for a new Kingston armory may have been among those items listed by the governor as "proper, but not urgent," and therefore deferred.

Altogether, \$365,000 will be expended during the next fiscal year for armories according to terms of the budget. The appropriations are for \$200,000 to complete the Oneida county armory at Utica, \$40,000 to complete the construction of the Madison county armory at Oneida, and \$125,000 to reconstruct the Hudson armory which was burned to the ground a few months ago.

New Paltz Normal will share in the \$8,090,000 increase allotted for education, the total recommendation for which is over \$94,000,000.

Specifically the increase for the state colleges and normal schools is \$112,253.97, of which \$108,550 is for personal service. Most of this increase is statutory—that is, an increase for good and meritorious teaching service, and for a three-year course in training schools at New Paltz, Potsdam and Genesee Normal Schools.

Harvesting Ice At Binnewater

The work of harvesting ice at the Binnewater Lake for the Binnewater Lake Ice Company was started today and ice from 10 to 11 inches in thickness of fine quality was cut. The ice is being loaded in cars on the Wallkill Valley tracks and will arrive in Kingston at noon Wednesday to be unloaded into the company's ice house on South Pine street. The ice company expects to harvest from 7,000 to 8,000 tons from the Binnewater.

Ice harvesting was also started today by Frank A. Waters at Waters' pond off Lawrence street, where ice 11 inches thick is being cut to be stored in the ice house there. The ice from the pond this season is being harvested for the Binnewater Lake Ice Company.

ASSEMBLY APPROVES PROBE IN QUEENS

Albany, Jan. 29 (AP).—Provision for the investigation of a contest for the seat of Paul G. Gallagher, Democratic assemblyman of the Sixth District of Queens, has been made by the Assembly. The Lower House last night adopted a resolution to finance a sub-committee of the Assembly Judiciary Committee which will inquire into the contest of Raymond C. Pollard, for the Assembly seat, against appropriation of \$7,500 was provided.

The resolution was opposed in voice by all Democrats present at the session, but the measure was carried, 75 to 48. Minority Leader Maurice Bloch declared that the investigation resolved itself into a "fishing expedition" to open ballots for the satisfaction of Republicans of the district.

BULLETS CRASHED THROUGH WINDOW OF STAPLES BRICK CO.

It was reported to the police department this morning that some time during the night several shots had been fired through one of the windows of the offices of the Staples Brick Company on Hasbrouck avenue.

Early Monday evening the cars of Arthur Alcon of 11 East Strand and Mrs. Hilah Chaitaway, clerk of the city court, collided at Broadway and Foxhall avenue. Both cars were slightly damaged but no one was injured.

Three Injured in Hoover Endorses Auto Crash, One Coolidge Views Driver Arrested On Naval Program

Cars of Harry Lazarus and Harvey Baxter of Marlborough Collided in Front of Broadway Theatre—Baxter Held on Reckless Driving Charge.

Three persons were injured, two automobiles somewhat damaged and Harvey Baxter of Marlborough was placed under arrest by Harry Lazarus, manager of the Broadway Theatre, following a collision between the two cars in front of the theatre about 10:20 o'clock Monday evening. The charge preferred against Baxter was that of reckless driving and the case will come up for a hearing in police court on Wednesday morning. Baxter was paroled in the custody of County Attorney Robert G. Groves.

According to the report of the accident as made to the police by Mr. Lazarus, he was pulling out from the curb and was turning left from the theatre when Mr. Baxter proceeding north on Broadway, struck his car in the rear.

Riding with Mr. Lazarus was his wife and Bert Gildersleeve, manager of the Kingston Theatre on Wall street and assistant manager at the Broadway Theatre. Both Mrs. Lazarus and Mr. Gildersleeve were injured. They were taken into the lobby of the theatre and Dr. John F. Larkin and Dr. Hugel, who were attending the performance of "The Barker" in the theatre, attended them.

Mrs. Lazarus sustained contusions of the shoulder and arms while Mr. Gildersleeve sustained cuts on the face and a possible fracture of the ribs and shoulder. He was attended by Dr. Larkin while Dr. Hugel cared for Mrs. Lazarus.

The third person injured was Miss Catherine Liscomb of 164 O'Neill street, who was cut on the face. Her injuries were dressed at the City of Kingston Hospital and she later returned to her home. Others riding in the Baxter car were the Misses Frances and Florence Leavert of 190 North Manor avenue, Thomas English of Newburgh and Jerry Hasbrouck of R. F. D. No. 1, Newburgh.

BENEFIT FOR GAMBLERS WHO WOULD NOT "SQUEAL"

Washington, Jan. 29 (AP).—Albert J. Lowry, Ralph A. Hoffman, Frank A. Stevens and John A. Mahoney, who accepted three-year sentences in the District of Columbia jail on gambling charges rather than "squeal," had their reward last night. A benefit performance was given for the four at a local burlesque theatre and the more than \$5,000 in receipts will go to their families.

There was no public announcement of the benefit, which began at midnight. The word went around quietly that the affair was to be given for "four regular guys" and the demand for tickets was brisk. An old time burlesque star, who quit the stage with the word that he would never go back, broke his vow and was master of ceremonies—without charge. None of the actors were paid. There were so many acts on the program that the affair did not end until almost dawn.

About a third of the nearly 2,000 guests were women.

RESCUERS OF FLORIDA'S CREW DIVIDE \$12,000

New York, Jan. 29 (AP).—The rescuers of the crew of the Italian freighter Florida today had some \$12,000 as material reward for their heroism.

The funds were raised through public subscription by Paul Bloch, newspaper publisher. Captain George Fried of the rescue ship Manning received \$5,000; Chief Officer Manning, who commanded the life boat that took off the 22 members of the Florida's crew, \$2,500, and \$4,500 was divided among the eight members of the life boat's crew and the chief wireless operator. Additional contributions are expected to make funds available for every member of the America's crew.

In addition, Captain Fried probably added a neat sum to his income by his endorsement of a brand of cigars.

LOCAL PAINTERS AND DECORATORS ORGANIZE

Kingston Chapter of the International Society of Master Painters and Decorators, Inc., held a meeting Saturday evening at the Kirkland hotel.

After enjoying one of Proprietor Egan's famous turkey dinners, Leo Ekan's famous turkey dinners, gave a F. Schulz, state president, very interesting and instructive address on the local chapter. Vice charter to the local chapter. Vice President Robert Nickels of Poughkeepsie spoke of the ever increasing wall finishes and problems in the painting work. President C. A. Dijkon thanked the state officers for their interest in organizing the chapter.

In Temporary Offices. Attorney Andrew J. Cook has rented for three months, or until work of reconstruction of the former Van Etten & Cook law office building on John street is completed, a suite of offices on the second floor of the Leventhal building, 238 Wall street, formerly occupied by Albert N. Cook, real estate broker. He will continue his law business there.

Denies Statements Attributed to Him But Hastens to Assure President He Supports His Views—Coolidge Sends Message to Senate—Senate Night Session May Hasten Vote.

Washington, Jan. 29 (AP).—Herbert Hoover was on record today as endorsing "warmly" the views of President Coolidge, who wants the Senate to eliminate the clause requiring an immediate start on the proposed naval construction program. But the naval advocates still were confident of retaining the time limitation.

Just as confident, also, of final passage of the bill, leaders were driving today toward the first night meeting of the session in an attempt to bring the long-pending bill authorizing 15 cruisers and an airplane carrier nearer a vote.

A published statement by Chairman Britten, of the House naval affairs committee, that he believed the retention of the time limitation clause would be "pleasing" to Mr. Hoover drew a message yesterday from the President-elect to President Coolidge.

When the Hoover message had been read, Senator Barkley, Democrat of Kentucky, asked if the President-elect had stated his position on the time limitation clause and Senator Hale replied that he would "leave that to the judgment of the Senate."

"My attention has been called," Mr. Hoover wired Mr. Coolidge, "to a statement respecting pending cruiser legislation appearing in this morning's press. I have made no public or private statement upon this question further than appeared during the campaign. I have stated universally to various callers that it would be improper for me to express any views on current matters of the administration. I regret if the reticence should result in misapprehension. As you know, I warmly support your own views and you may so inform others, if you wish to do so."

The President "did so" with dispatch, his secretary, Everett Sanders, sending the Hoover telegram to the Senate immediately. No sooner, however, had he read the Hoover message than Senator Hale produced a telegram from Paul V. McNutt, commander of the American Legion, strongly advocating the retention of the time clause and declaring that 800,000 Legionnaires want "ships of steel and not of paper."

This provoked Senator Brookhart, Republican of Iowa, a member of the Legion, who protested the action of Hale in coupling the two telegrams and who added that he did not think 800,000 Legionnaires endorsed "this blood-thirsty proposal."

Representative Britten, whose statement drew a declaration from the President-elect, hastened last night to send the full text of his Sunday statement to the press to Mr. Hoover. He added that he believed Mr. Hoover would see from the statement that he meant no offense in speaking of the President-elect's views.

Crossing Gates Not Lowered

Civil Service Commissioner Harry S. Watts Reported to Police That He and Three Other Autoists Had Narrow Escape at Foxhall Avenue Crossing.

That the crossing gates of the West Shore railroad on Foxhall avenue were ungarded early Monday evening and that he and three other automobilists had a narrow escape from being run-down by a passenger train shortly after 5 o'clock that evening was the report made to the police department by Harry S. Watts of the local civil service board.

Commissioner Watts said he had driven out to Foxhall avenue with some of the drivers of the Watts & Tammany coal yard and that he had stopped at the crossing to allow one of the men to get out of the car. As he stopped there was another auto, from the opposite direction were two other cars.

The crossing gates were up and Mr. Watts said that he saw and heard a train coming and started to cross the tracks and was part way over when he happened to glance out of his car window and was horrified to see a huge locomotive driving toward him. He stepped on the brakes and managed to get across the tracks in safety as the other three cars.

Mr. Watts said that the engineer of the passenger train when he saw the automobiles on the crossing applied his emergency brakes, bringing his engine to a sudden stop on the crossing and not until then were the crossing gates lowered after all four automobiles were safely across the tracks.

Eighth Bombing in Chicago. Chicago, Jan. 29 (AP).—A black powder bomb, the eighth this year, popped in front of a small paint store on Federal street early today. The bombing was ascribed to labor trouble.

Dr. Castillo in New Location. Dr. S. Castillo has removed his dentistry from 324 Wall street to the second floor in the recently reconstructed store and office building of A. W. Mollott, 302 Wall street.

Coolidge Warns Rigid Economy Must Continue

Also Tells Business Organization of Federal Government That Rapidly Mounting Cost of State and Local Governments Must Be Sharply Curtailed to Maintain National Prosperity.

Washington, Jan. 29 (AP).—Addressing the business organization of the government for the last time, President Coolidge last night issued a warning that rigid economy in federal, state and local governments must be sharply curtailed if national prosperity is to be maintained.

At the same time, the chief executive declared that the budget system, "put into operation to save the country from economic disaster," had been fully justified by the results of its eight years of operation. He paid tribute to Brigadier General Herbert M. Lord, director of the budget bureau, and the "great rank and file of the government personnel" for the co-operation which he said had made the system a success.

The President's address was delivered at the sixteenth regular meeting of the business organization, the sessions are held semi-annually and are attended by cabinet officers, heads of governmental bureaus and federal employees charged with the responsibility of discharging federal funds.

General Lord, the only other speaker of the evening, declared that a steady increase in national expenditures must be expected, a circumstance which, he said, must not weaken the government's budget policy. As one means of averting a threatened deficit for the present fiscal year, he recommended that vacancies be allowed to remain unfilled until after June 30, bringing about a saving which he estimated at "the far from negligible sum of \$12,500,000."

After enumerating the accomplishments of the last eight years, Mr. Coolidge declared that must be maintained to be done. In spite of determined efforts for economy, savings in interest due to reduction of the national debt, and four reductions in taxes, he said, government expenditures are showing a tendency to increase. Bills pending in Congress a short time ago, he estimated, would have doubled the annual national outlay, while measures are now on the congressional calendars, approved by committees, which would, if passed, cost the government more than a billion dollars. But for a policy of rigid economy he said many of these would have become law.

Prosperity Depends on Economy. "It would be a great mistake to suppose that we can continue our national prosperity," the President continued, "with the attendant blessings which it confers upon the people, unless we continue to insist upon constructive economy in government. The margin between prosperity and depression is always very small. A decrease of less than 10 per cent in the income of the nation would produce a deficit in our present budget."

"The cost of state and local governments are rapidly mounting. From \$2,900,000,000 in 1927, the National Industrial Conference Board estimates that they reached \$7,921,000,000 in 1927. This is such a heavy drain on the earnings of the people that it is the greatest menace to the continuance of prosperity. It is a red flag warning us of the danger of depression and a repetition of the disaster which overtook the country in the closing days of 1920. It is a warning that should be heeded by every one entrusted with the expenditure or appropriation of public funds. It is the reason that further commitments by the national government for any new projects not absolutely necessary should be faithfully resisted."

Mr. Coolidge outlined the conditions he said had been prevalent when the budget system was introduced, enumerating depression in industry, declining wages, and the low level of securities, including government bonds.

"Confidence in our entire economic structure had been shaken," he said. "Progress had stopped."

Country Lived Beyond Its Means. The country, Mr. Coolidge continued, had been living beyond its means, spending more than it was earning, using up its capital, and the savings of previous years were being exhausted, principally through government extravagance. As a means of bettering conditions, and curtailing national expenditures, he said, the budget system was adopted.

"Seemingly without effort," he went on, "but actually by hard and effective work the change was wrought. Each of the succeeding years brought an ever-increasing improvement in the business of the government. Expenditures diminished until 1927 when, exclusive of the amount applied to debt reduction, they reached a point below the three billion mark. This was two billions of public debt with a large cash interest. The first tax reduction came in November, 1921, and was followed by three succeeding reductions. Funds were saved to meet the cost of our much-needed public improvements, which had been in abeyance during the war period. Short-term notes and long-term bonds were paid off and refunded at lower rates."

While not claiming "that action by the national government deserves all the credit for the rapid restoration of

THE PLAGE OF JOBBEERS

Perhaps there are no other people in the world who are so much interested in the "plage" of jobbers as the Americans. It is a subject which has been discussed in every newspaper and magazine for years. The "plage" of jobbers is a subject which has been discussed in every newspaper and magazine for years. The "plage" of jobbers is a subject which has been discussed in every newspaper and magazine for years.

It is a weary business being Governor. I have literally no time to myself, am at everybody's disposal but my own—and, like every other man in similar case, the question of appointments drives me nearly distracted. It is so nearly impossible to get true information or disinterested advice about persons—and so many persons are trying to impose upon me. I shall get used to it, but am not yet, and it goes hard.

Every intelligent person will read this with some appreciation of the conditions it reveals, but nobody is likely to read it with the same painful interest as Governor Wilson's distresses. But, like others before him, he will be forced to realize that there is no way out of it. Legions of industrious job hunters are inevitable because of the great number of jobs to be awarded. The "weary business" of which Governor Wilson complained, and which was multiplied when he became President, is one of the inescapable penalties of prominence and power. The heaviness of the penalty, particularly in the case of a kindly-natured executive who must brace his will against the unfit job hunter with political friends, is self-evident.

THE RICH AND THE WISE.

It is interesting to find a man of great fortune taking the ground that wealth and wisdom, contrary to the seeming belief of many, are not necessarily interrelated like cause and effect. Most people, said Julius Rosenwald, capitalist, in a recent "movietone", believe that a wealthy man's views on any subject are valuable, but as a matter of fact most fortunes have been made by men of ordinary mentality and mediocre ability, who "tumbled into a lucky opportunity". Mr. Rosenwald held that the piling up of wealth does not imply any special degree of wisdom in the piler. Though rich himself, he does not share a large part of the public's exaggerated respect for the views of multi-millionaires—a respect so often reflected by journalists seeking to give the public what it wants.

But, comments one of these latter, two of the wisest men of all time were also the richest in their day. "Solomon, the richest man of his time, was also 'the wisest man'." As to Croesus, if he did nothing more than make his reply to Cyrus, he should be remembered as wise. When asked why he went to war he replied: "Because I was told to do so by the oracle (of Delphi). For no man in his senses would otherwise go to war; while in peace the sons bury their fathers, in war the fathers bury their sons." But Solomon and Croesus were wise, not because of their wealth which their station in life brought them without effort, but as a result of their long experience as leaders and observers of men. Our modern money-getters, however shrewd, are in an altogether different class.

THE "LINCOLN LETTERS."

In recommending to his readers the alleged new Lincoln material the editor of the Atlantic Monthly announced "letters, passionate and real" which Abraham wrote to Ann and Ann to Abraham, revealing "the human Lincoln before the sterility of his deification." But the experts promptly found objection to any claim of genuineness on various grounds, including handwriting, style, history, genealogy, inaccuracy and anachronism. Thereupon the editor reasonably argued that "final

judgment should be deferred until the active work of the Lincoln Centennial is over. The letters, however, are not new. They were written by a man who called himself 'Lincoln' and who claimed to be a friend of the President. The letters were published in the Atlantic Monthly and were supposed to be a revelation of the Lincoln who was not known to the public. The letters were supposed to be a revelation of the Lincoln who was not known to the public. The letters were supposed to be a revelation of the Lincoln who was not known to the public.

Apparent to the public, passenger airplanes are supplied with every home atmosphere. The Texas Pacific line has been flying to New York in a twelve-passenger plane reported that "we flew through a snowstorm and played bridge all the time as though in our home."

The King of Afghanistan got in bad with his country when he backed his wife's Paris gown with no backs to him, and, though by this time he may have soured on modern progress, he has to thank an airplane for lifting him out of the scrimmage and saving his neck.

A total of 26,000 deaths from influenza in seven weeks is disturbing enough, yet a very inconsiderable toll compared with the 500,000 victims of the epidemic ten years ago.

THAT BODY OF YOURS
BY
James W. Barton, M. D.
(Registered in accordance with the Copyright Act)
TELL YOUR DOCTOR EVERYTHING.

Perhaps you feel ill at times with headache, pain in stomach, heart rapid, and no inclination for food. You consult your family doctor, and after an examination, as he can find no reason for your symptoms, you leave his office with the feeling that he thinks you are imagining or at least exaggerating your symptoms. And yet you know how you are feeling and know that you are not really well. You have confidence in your physician's ability and decide that it is useless to see anyone else, as he would likely tell you about the same thing as did your own physician.

Now what is the best thing to do under such circumstances? Well there must be some reason for feeling so miserable, so try and think the matter over quietly, and ask yourself about the food you are eating, the regularity of the meals, your hours of sleep, whether "everything is all right at home with all the family," whether it is some financial loss or some other condition preying on your mind, that is causing your symptoms. If you are honest with yourself and able to put your finger on the reason for your mental depression, you have made a long stride forward in the successful treatment of the trouble.

Because your doctor will tell you that these distressing emotions affect appetite, digestion, sleep, heart action, and practically all the processes of the body. The thought then is that if your physician thought overhauls you and finds no organic reason for your symptoms, and thinks your symptoms are all in your mind; the cure rests with you. It means the removal of the depressing emotions, or replacing them with the opposite kind. Your best plan is really to tell "all your troubles" to your doctor at the first visit, because he is meeting the same or similar ones in patients every day, and is in the best possible position to help you. So don't go around imagining you have some real serious type of illness because you feel miserable.

Get the matter settled at once, or you may make of yourself a chronic "nervous" case.

TWENTY AND TEN YEARS AGO.

Jan. 29, 1909.—The harness shop of P. B. Warner on upper Broadway burglarized. Education board dismissed charge of embezzlement against Principal Frank M. Boyce. He was accused of whipping a boy pupil. William S. Green awarded contract to erect garage on Main street for Forsyth & Davis. Jan. 29, 1912.—Tentative plans made for holding an auto show in the armory in March. The Hillebrand shipyard launched the first of the four large tugs they were building for the government. Water board had its inspectors checking up water fixtures. Articles of incorporation were filed with the secretary of state by the Cuneo Contracting Company of Kingston, Inc.

MAKING HIM NERVOUS!

By John Cassel

NEW PALTZ

New Palitz, Jan. 29.—Mrs. Ida Litts, who has been confined to her home a few days by illness, is around again.

Many foxes, deer and coons have been seen the past week by farmers in the surrounding locality. The snow is driving them out of the mountains to look for food. Someone very much in need of a chicken dinner visited the poultry house of Mr. Anshen the past week at Ardoula, near here, taking almost all of his chickens.

Julius Heff of Libertyville has secured a position with the Hudson Valley Pure Food Company of Highland.

The Gardiner fire department was called out to the Preston Bennett farm at Tuttlestown, between New Palitz and Gardiner, where they found the barn afire. How it started is a mystery. The Bennetts had been away for several days. The barn and a lot of machinery was lost.

Mr. and Mrs. M. Elmendorf and son of Clintondale recently visited Mr. and Mrs. Millard Elmendorf.

Fred Yorks and Anton Myers of Libertyville were callers in town Sunday.

N. Kurstein called on Frank McCarter Saturday night in Rosendale. George W. Fenn of Bailey's Gap is visiting in this vicinity.

I. Williams entertained out-of-town friends over the week end.

Nice Lounsbury was the champion domino player at a party at his home in Libertyville on Wednesday afternoon. Mr. Lounsbury won 13 games out of 15.

Mr. and Mrs. Charles Newkirk had company from out of town the past week.

Mr. and Mrs. Fred Yorks entertained guests over the week end.

Mrs. Herman Silkworth, accompanied by Mrs. Sadie DuBois, spent the week end with Mrs. Saworth's daughter, Mrs. Whitney, of Mr. Vernon.

Mrs. Eugene Troutwein of New York city has returned to her home after spending the past two weeks with her mother, Mrs. Katharine Schoonmaker.

On January 15 a son, Earl Jerome Hoag, Jr., was born to Mr. and Mrs. Earl J. Hoag at the Mt. Vernon Hospital. Mrs. Hoag was before her marriage Miss Helen Prindle.

Mr. and Mrs. Walter Hasbrouck and son, Richard, and Mrs. Delaney Hasbrouck visited Miss Deborah Helyea and Mrs. Henrietta DuBois at Bullville on Sunday.

The biennial luncheon of the Normal Alumni Association will be held on March 16 in the Waldorf Astoria. Mr. Tschirky declares he stands ready to do his utmost to make the luncheon a success. Classes of '89, '94, '99, '04, '09, '14, '19 and '24 are asked to make an especial effort to attend, thus establishing the habit of a large class reunion every five years.

FLASHES OF LIFE

Sketches in Brief

(By The Associated Press.)

Chicago—The automobile of the future, as foreseen by G. M. Williams, car manufacturer, will be driven by electricity received by radio. To start the car pull a switch.

New York—Young authors in search of inspiration are advised by Dubose Heyward, playwright, to shun New York and stay in the home town. The big town, he thinks, is too noisy, too hectic, too high strung and too un-American.

Palm Beach—At a restaurant right in the heart of the business section Mrs. Cornelius Vanderbilt Whitney wore yellow pajamas. She and other women in pajamas of different hues motored from the water. This is the first season that hose has not been necessary on the beaches.

Albany, N. Y.—Marathon dance contests virtually will be precluded if some members of the majority party in the legislature have their way. A bill introduced would limit such affairs to 12 hours out of 24, subject them to supervision of health officials and require the promoter to post a \$2,000 bond for each contest before obtaining a license.

Harrisburg, Pa.—The speaker of the Assembly has a gavel of anthracite. It is the gift of friends in Sugar Notch, in the hard coal district.

New York—Police Commissioner Whalen's private chauffeur, Joaquin Torres, Porto Rican, is in wrong, to use the commissioner's words. Waiting while Mrs. Whalen was shopping, Torres ignored a police whistle and was taken to a police station for obstructing traffic. He was released for lack of evidence. The commissioner gave notice that he himself and all connected with him must obey traffic rules.

Glen Ridge, N. J.—Having kissed successfully, four high school girls are under quarantine. Another girl thought she had the grip. The four thought they could get a vacation by exposing themselves to the disease through osculation. They got the vacation. Their friend had scarlet fever.

New York—From Ganna Walska comes an appeal for fair and unbiased criticism of her New York concert debut February 12. The appeal adds: "I love America dearly, despite occasional criticism, and I shall love it whether it shall like me in my career as an artist or not."

Wilkes-Barre, Pa.—Jacob Lorack is on trial for killing Jacob Loyack in a saloon. Deceased and defendant were not related.

French letters now are advertising French wines. The new cancellation mark bears the legend: "Wine—a tonic and restorative drink."

Coolidge Warns Rigid Economy

(Continued from Page One)

The country's business from the great depression of 1921 up for the steady progress that has since taken place, the President declared that "unquestionably, in many wise governmental policies, and particularly wise economy in government expenditures with a steady reduction of the national debt, have had a dominant influence."

Director Lord Praises Employees.

Director Lord, too, praised government employees generally for their cooperation in making a success of the budget system. A large part of his address was devoted to an account of the battle against a threatened deficit in the current fiscal year.

"Every year since the installation of the budget system," he said, "has been a fighting year, but this year we are making the supreme fight of our history."

Expressing an expectation for increased expenditures in future years, he declared that "with the growth of the country new important projects will present themselves calling for more money from the Treasury, and no matter how great the revenues, unless they are courageously controlled and wisely directed into channels of useful and necessary purposes, burdensome additional taxes, or inability to carry on necessary constructive work will result."

In conclusion, General Lord praised President Coolidge as the inspiration of our thrift crusade, asserting that the chief executive had vitalized it and given it human interest.

ASHOKAN.

Ashokan, Jan. 28.—Alonso Haver, of the Lake View Garage, made two trips to the Ford plant at Kearney, N. J., last week and visited his old home at Samsonville Sunday.

Charles Green, Kenneth Tyler and Marvin unloaded a car of feed Monday.

John Davis had the misfortune to lose his horse, Frank, Sunday night with colic.

Jesse Weeks is tuning up the car for Postmaster Secor.

Winnetta Ryder entertained a few of her friends and schoolmates at her home on Saturday night. Those present were Lulu and Mabel Gollimon, Ruby Buckley, Laura Ellisworth, Anna Ruckert, Viola and Joyce Winnie, Seymour Winnie, Frank Jones, Donald DuBois, Robert Winnie. Refreshments were served and games were played. The party broke up at 12 o'clock. All voted Miss Winnetta a jolly entertainer.

Seymour Winnie, Sr., who has been ill, is out again.

Floyd Gollimon is ill at home with grip.

Mrs. J. Ryder called on Mrs. Golden Mrs. Benschoten last Monday afternoon, also on Miss Lizzie Giles.

Artists at 35th Anniversary Shriners' Ball Of CordtsHoseCo.

A delightful treat that the Shriners have in store for their patrons Wednesday evening in the armory when they hold their annual entertainment and ball for the benefit of the Industrial Home, will be the personal appearance of that marvelous dancer, Gloria Lee, of the now popular musical success "Hold Everything" which is one of Broadway's sensational hits.

Miss Lee is making a tremendous impression on her New York audience and without doubt will prove a big hit Wednesday night.

Direct from Earl Carroll's Vanities will come Cooper and Clifton, comedian knockabouts extraordinary. These boys are very fast workers and keep their audience on the edge of their seats while making them rock with laughter. That these big time artists will go over in a big way the Shriners feel certain.

Another act that deserves mentioning is Charles Chase, comedian, direct from the ever popular Ziegfeld Follies. Without question Chase is in a class all by himself and a past master at the art of driving his audience wild. Not only will he make them roar with laughter but he will make them weep with his beautiful solo.

B. A. Rolfe's nationally renowned variety orchestra offers the dance a new treat. This orchestra has well earned the reputation of being one of New York's most popular orchestras and the Shriners are more than pleased at having the opportunity of offering them to Kingston dancers.

Paul Zucca's largely augmented Kingstonian Orchestra is firmly entrenched in the hearts of Kingston dancers and will prove worthy companions to Rolfe's sterling group of musicians.

Those who have not already purchased their tickets can obtain them at the door Wednesday evening. The doors will open promptly at 7 o'clock and the entertainment will commence at 8 o'clock so that everyone is urged to come early to secure choice seats.

The entertainment committee who are arranging this splendid program consists of Samuel S. Brown, William Van Eiten, M. H. Herzog, Philip Kling, Dr. A. L. Hill and Arthur A. Davis.

Accepts Office Position.

Miss Agnes Kraus, who has been specializing in the stenographic branches at the Moran Business School, Burgevin Building, has entered upon a high-grade position with the Central Hudson Gas & Electric Corporation, 611 Broadway.

Normal School Course.

A normal school extension course for teachers interested in further study will be started if those teachers who desire a course will meet at Kingston High School at 9:15 a. m. on February 2. At that time a course may be chosen.

PISO'S for FLU-COUGH

Quick Relief! Take Piso's when you have a cold, cough, or sore throat. It's the most effective remedy for all these ailments. 35¢ and 60¢.

On February 7, J. N. Cordts Hose Company will celebrate their 35th anniversary as a fire company of this city. An elaborate program is being planned by the company. Several prominent speakers have been secured along with city officials and the fire board. A large banquet and reception is being arranged by the committee.

Cordts Hose Company was the last fire company to be organized in this city, its organization being largely through the effort of the late Senator J. N. Cordts. The company started with a roll of about 100 members and has kept this average up to the present time. During these years this company has answered over 500 alarms of fire, the boys always being commended on their willingness to do their part in the protection of life and property. This organization has not only been popular in fireman's affairs, but has also done its part in the civic duties of the city, giving freely to drives and also to needy causes which came to their attention. It has always been the plan of this body to spare nothing where human life could be made more comfortable.

The company will honor one member in particular on this evening, Fred Lanister, who, being a charter member, has continued his activeness to the present time.

Much credit and praise is due Martin J. Schleeds, present foreman of the company, for his untiring efforts in working for the betterment of the company and also in bringing it to its present standard as one of the leading organizations of the city.

Market for Fruits And Vegetables

New York, Jan. 29 (AP).—(State Department of Agriculture and Markets) Low prices today continued to feature the local market on Florida big Boston lettuce and romaine. Supplies were moderate but the demand was light. Hampers containing about 30 to 40 heads of lettuce wholesaled at 75 cents and \$1, while the very finest romaine reached \$1.25.

Last week's receipts of lettuce and romaine from Florida filled 56 cars.

Florida strawberries were in moderate receipt. The market ruled dull with the demand generally slow. Quat baskets peddled out at 27 to 35 cents, occasionally higher on extra fancy. Pints realized 15 to 18 cents. There was practically no trading during the early morning hours on white potatoes or cabbage at railroad yards. The latest sales on state white Danish cabbage were reported at \$50 to \$55 per ton, while Maine green mountain potatoes sold at \$2.40 to \$2.65 per 180 pounds.

Supplies of green peas were moderate. The market closed dull and slightly weaker under limited buying. Mexican crates of 40 to 45 pounds jobbed out mainly at \$4.50 to \$5.25. Some strictly fancy, however, reached \$6. Florida hampers of 28 quarts commanded \$2 to \$2.50. A few sold as high as \$3, and some as low as \$1.50.

Texas spinach was in moderate receipt. Offerings varied greatly in quality and sales ranged accordingly. Wholesale transactions were reported

at 37½ to 75 cents a bushel basket. Of the 156 carloads of spinach received on the local market during the preceding seven days, Texas contributed 135.

Cauliflower from California was moderate and limited from Florida. The market was dull with the demand less active. Crates on eight and 15 heads from California worked out from \$1 to \$2, principally \$1.25 to \$1.75 and from Florida at 50c to \$1.

Pancake and Sausage Supper.

A hot and tasty supper of sausages, pancakes with maple syrup, coffee and apple pie will be served by the ladies of the Roundout Presbyterian Church in the chapel on Friday evening, February 1, commencing at 5 o'clock and continuing until everyone is fed. No limit is set on the number of cakes consumed. Something of a mysterious nature will add joy to the occasion.

No. 6 School Notes.

The new addition will be open for public inspection Friday evening, February 15. The school orchestra will be present and Dr. Raymond will give an address. On Thursday evening, January 31, a card party will be held at Mechanics Hall. Progressive pinocle and bridge will be played. A large crowd has been arranged for. Refreshments will be served.

Sometimes you fear the world is headed for destruction, and then you read the ads in confession magazines and don't care if it is.

It heretofore counts for anything the child whose mother is a bridge fiend and whose father is a card sharp ought to have a poker face.

GOOD THINGS FOR THE FIRST COURSE.

The home service bureau of the Central Hudson Gas and Electric Corporation will hold the third lesson of the course Tuesday evening at 7:30 o'clock at the Home Service Auditorium at 5 Field Court. The Wednesday afternoon class of this week will be postponed. The topic of the lesson is "Good Things for the First Course." It is quite essential that the first course be appetizing and attractive because first impressions of meals, as of persons, linger. It starts the repast happily and fills the diners with joyful anticipation of foods that are to follow. The different kinds of soups will be demonstrated in this lesson. The canapes are not used so extensively in America as abroad but are gaining in popularity very rapidly because of the fact that they are attractive and easily made. Several varieties of canapes will be demonstrated. A cordial invitation is extended to all the ladies of the community.

Turkey Supper.

There will be a turkey supper at the T. X. T. Club House, Flatbush, Wednesday evening, January 30. Supper will be served at 6 o'clock.

thusiasm over the latest fash-
ions for the winter and spring
season. The fashion-
able does not wear a coat to match her
hat, she carries it in her hand, or
throws over her arm. A scarf there
must be.

Reports give credit for interest in
these starts to their eccentric shapes
and to the stunning color schemes
employed. One finds a strong lean-
ing to bright plaids, the Scotch theme
running through the mode with a
persistence which argues for its sur-
vival among the myriads of novelty
ideas being launched.

As the southern season gets un-
der way it becomes apparent that
the tight fitting angora hat, a mere
bandage for the head in some cases,
has become the accepted companion
of the sweater or sports costume.
It may seem a trifle woolly for a
tropical life, but with furs and vel-
vets both accepted below the Mason
and Dixon line there is no reason to
exclude angora, especially since
wools of various types are acclimated.

French milliners are determined
to achieve the greatly-to-be-desired
unevenness of line, in brims. Those
revealing the brow do so at an
angle, those with a brim to protect
it have the brim slashed and bent
backward or in some way inter-
rupted. The long back brim is of
course one of the innovations in
millinery launched obviously to
carry out the prevailing silhouette
which emulates the peacock.

OUR DAILY PATTERN.

6072

A Popular Suit Model for the
Young Boy.

6072. Flannel, jersey, velveteen,
as well as linen, or drill may be used
for this model. The blouse may be
made of wash material, and the
trousers of cloth. The back of the
blouse is finished with a square yoke
that extends over the shoulders, and
forms part of the front. The closing
of the blouse is in coat style, and
the sleeve is the regulation shirt
sleeve. The trousers are athletically
short and wide.

The pattern is cut in 4 sizes: 4,
6, 8 and 10 years. A 6 year size will
require 1 1/2 yard of 36 inch material for
the blouse and 1 1/2 yard for the trousers.

DON'T STAY FAT
IN THESE DAYS

You see countless people who have
gained new beauty, new health and vim,
by fighting excess fat. Some have done
this by abnormal exercise and diet, some
in a modern, scientific way. Why not
follow their example?

There is a way based on scientific re-
search. It combats a cause of excess
fat which starvation cannot fight. That
method is embodied in Marmole
prescription tablets, now used by 20 years
millions of boxes of them. The result
you see wherever you look should in-
duce you to accept them.

Each box of Marmole contains the
formula, also the reasons for results. So
there is no secret, no reason to fear
them. You will know that all the good
results come in a natural way. Go learn
them now, by asking your druggist for
a \$1 box of Marmole.

Card of Thanks.

Our neighbors and friends in and
around West Park have been so
gracious and kind in their ex-
pressions of sympathy in the hour of our
sadness, that we want them to know
how very much we appreciate all they
have done for us in so many ways.

It would be difficult to write to
each one or to tell each one who took
part in the search for the bodies of
those dear boys but all that you do
reminded us that we were not sep-
arated from them. Please accept this ex-
pression of thanks to each one of you
which comes from the depths of our
hearts.

Clarence Badger and Clara Bow,

Paramount director and star, say

"Smooth skin is a girl's greatest charm"

CLARA BOW, Para-
mount's popular star, in
the bathroom which is one
of the most luxurious built
in Hollywood.

"A beautifully smooth
skin means even more
to a star than to
other women. Keeping
one's skin flawless for the
all-seeing eye of the cam-
era means constant care.
Lux Toilet Soap is a great
help in keeping the skin
in perfect condition."

New incandescent "sun-spot"
lights—film even more highly
sensitized than before! That is
why the beloved screen stars
must now keep their skin love-
ly and smoother than ever
for the all-revealing close-up.

THELMA TODD, First Na-
tional star, says: "A star's skin
must be what we call 'studio
skin', to be lovely in the
close-up. It requires constant
protection, especially in hard
water. Lux Toilet Soap's gentle
lather is lovely for my skin."

9 out of 10 Screen Stars guard their skin this way

NO MATTER where you see it
—on the street, at dinner, on
the screen—your heart beats a little
faster in response to a faultlessly
lovely skin.

"The most important thing in
making a girl lovely is an exquisite
smooth skin," says Clarence Badger,
Paramount—and sums up the opinion
of 39 leading directors in Hollywood.

"Because beautiful skin charms
people so, it is a first essential for
screen stardom," he continues. "Vel-
vety skin is the treasured possession
of every screen star."

As Clara Bow says, "A beautifully
smooth skin means even more to a
screen star than to other women."

Of the 451 important actresses in
Hollywood, including all stars, 442
(98%) keep their skin smooth and
lovely with Lux Toilet Soap. Little
wonder, then, that all the great film
studios have made this white frag-
rant soap the official soap in their
dressing rooms.

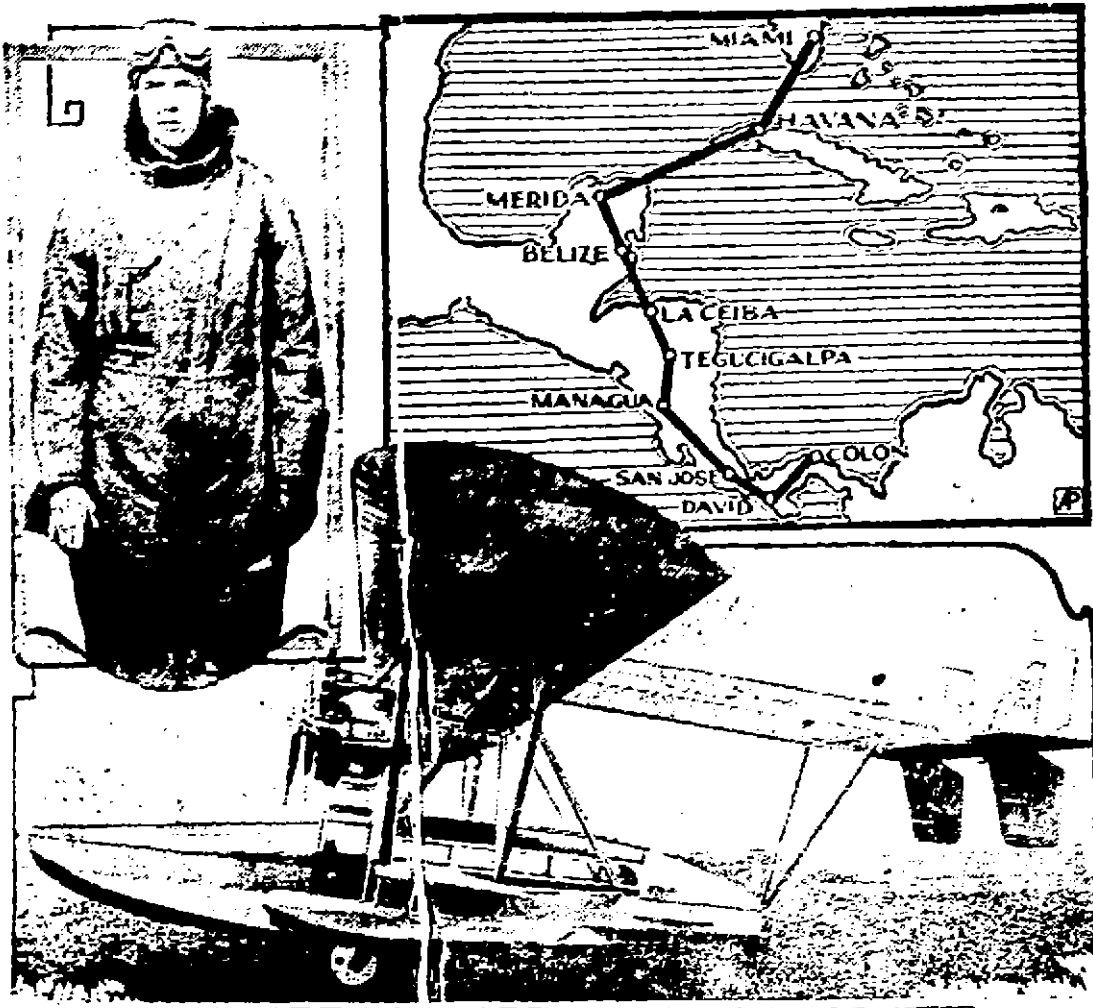

When you see your favorite star in
the close-up, remember that nine
out of ten screen stars use Lux
Toilet Soap for smooth skin.

Kansas City (P).—Town Fork, which figured in the history of the battle of Westport in the Civil War, has become a flood menace to hundreds of new homes along its course, and may be buried as a sewer.

The little stream between the fields of the battle of the Big Blue and the battle of Westport saw much of the bloodshed, October 22 and 23, 1864, which ended the efforts of the Confederate Army to gain a foothold in the west.

Now city officials plan to make it a sewer for most of its length from the southwest corner of Kansas City to the Blue river.

Sunday Baseball Passed In Boston

Boston, Jan. 29 (AP).—Mayor Mallory in Boston today had under consideration the proposed regulation of the baseball season for Sunday. The regulation, passed by the city council yesterday, after eleven days of the price of admission, but dogs, and tickets, had been eliminated.
The measure, as amended, was passed by a vote of 12 to 7 only after several amendments had been made. It was introduced by the Boston National League Club, and in doing so added to the local professional baseball season the first of the season.
The measure as adopted provided that Sunday games of professional baseball should not be played on Sunday and that a fee of \$2,500 should be charged for baseball games in parks with a seating capacity of 10,000. That is approximately the capacity of Braves Field.

SHOOTING STARS VICTORS OVER SAUGERTIES COMETS

The Shooting Stars chalked up another win Monday night at Salvation Army Hall, North Front street, by defeating the Saugerties Comets, 35-26. A last minute rally by the Comets proved of no avail, as the Shooting Stars tightened on their defense and pass work, which was good throughout the contest. Herman Kayos Sid Terris

New York, Jan. 25 (AP).—Apparent "Fists" has been written to Sid Terris's little career.
The once famous "Ghetto Ghost" of New York Jewish fight fans, was knocked out by Babe Herman at the St. Nicholas Arena here last night. And with the heavy right hand punch that felled him went all of Sid's hopes of a successful come-back campaign. He may fight again but probably not among the first-rank lightweight.

For five rounds, Terris was able to avoid the wild, awkward right hand swings Herman threw his way, but after 22 seconds of fighting in the sixth round Herman connected flush with Terris's jaw and the New Yorker went down and out. It was his third knockout defeat in less than a year.

Long one of the leading contenders for the 135-pound crown, Terris began to pass his peak late in 1927. Up to that time he had placed his chief reliance on dazzling speed of foot and hand. His speed began to fail and Sid tried to make up for it by developing a knockout punch—something he had never been in his best days.

After knocking out Kinky Gutstein in a round in June of 1927 he won a decision over Phil McGraw, the Detroit fighter in August, but only after he had been floored three times in the first round. In his next start, in September of 1927, he was beaten by Hilario Martinez, going down for three counts of nine in the second round.

Then followed two slam-bang battles with McGraw. The first he lost on a foul and the second he won by decision.

By this time virtually all of the marvelous speed and boxing skill that made him famous had disappeared.

In February of 1928 he was matched with Jimmy McLarnin and the Pacific Coast slugger knocked him out in a single round. After a long lay-off Terris engaged Ray Miller, the left hook artist, and the Chicagoan also knocked him out in a round.

Since then he has won two bouts but his showing in both was unsatisfactory.

Then came last night's disaster. Terris floored Herman in the fifth round for a count of nine but Herman, apparently unhurt, got up to stagger the New Yorker with a savage two-handed assault. Only one blow was struck in the sixth round. Herman's right foot Terris's fragile jaw and the bout was over.

Armory Bouts Here February 8

The next card of armory bouts will be held here on Friday night, February 8, according to Captain E. C. Lawson, athletic officer of the First Battalion, 156th Field Artillery, who also announced this morning that his action accounted for the indefinite suspension of Jack "Red" Mosher, Newburgh boxer, who failed to appear here last Friday night for his scheduled tilt with Lee Page.

Mosher's suspension will cause the calling off of a number of scraps he had booked for the future. Armory officials here were notified of the suspension Monday night by army boxing losses, who could see no valid reasons why the Newburgh boxer should not appear in Kingston last Friday. The action taken by the National Guard boxing officials was brought about by Captain Lawson's complaint that Mosher failed to appear.

Fans, who visit the armory on Friday night, February 8, will see the following bouts:
Nick Zinna of this city vs. Tony Ross of New York, 10 rounds.

Johnny Carpine of Kingston vs. Frankie Millett of New York, 6 rounds.
Charlie Molvin, Kingston, vs. Tommy Abola, New York City, 6 rounds.

Bill Freeman, West Point, vs. Chief Halbran, 102nd Medical Regiment, 6 rounds.
Kid Hash, 369th Infantry, vs. Benny Brostoff, New York City, 6 rounds.

Jimmy Ambrose, matchmaker of the New York National Guard, was advised by Captain E. C. Lawson to make special contracts with the boxers in order to insure their appearance in Kingston on Friday, February 8. This will be done according to word received here from Ambrose's office.

Junior Sunday School League

In the Junior Sunday School League games played at the Y. M. C. A. court Saturday afternoon, St. John's team defeated the Presbyterian A team, 22 to 8 and Clinton Avenue beat the Presbyterian B team, 45 to 10. In the first game of the afternoon between St. John's and the Presbyterian A squad the first half was closely contested. The Presbyterian team started out by taking the lead but St. John's quintet soon overcame this lead and at half time they were in front, 7 to 2.

In the second game Clinton Avenue had an easy time taking their opponents into camp. The winners scored frequently in the first quarter and in the second session they did likewise. At half time Clinton Avenue had their opponents 20 to 4. In the second half the winners more than doubled their score collecting 25 marks in the closing period while the losers only managed to gather 6.

Sonnenberg to Defend Title

New York, Jan. 29 (AP).—Gus Sonnenberg, recent winner of the world's heavyweight wrestling championship, will make his first appearance in New York Monday night, defending his title against Howard Cantonwine of Iowa in Madison Square Garden. Sonnenberg signed the contract yesterday. It was announced by the Campaign A. A. C. which will stage the bout, and will come here within a few days to complete his training.

Eight Giants Have Not Signed.
New York, Jan. 29 (AP).—All but eight of the New York Giants' roster have signed contracts for the coming baseball season. Among the eight who have not signed are two who may cause a bit of worry. They are Fred Lindstrom, star third baseman, who was runner up to Jim Bottomley for the National League's most valuable-player award last fall, and Bill Terry, one of the outstanding first sackers of the circuit.

Knute Rockne Scores 92 Victories During Career

Since Knute Rockne became football coach in 1917, Notre Dame has played 111 games, winning 92, and losing 19 and tying six, the athletic department has revealed in the football annual just released.
The record shows that 1928, when the Hammers lost four games out of nine, was the poorest during Rockne's coaching. Yet, Rockne coached the team as one of the greatest he ever coached.

Of all the teams Notre Dame has met, the hardest to defeat, she records show. Of nine games with the Cornhuskers, Notre Dame has won four, lost three and tied two; against the army the Hammers have won eight, lost two and tied one.

Despite this great record, Notre Dame has had but three seasons in that period in which it came through its hard campaign without being defeated or tied. In 1919 and 1920, the Hammers won nine without a defeat or tie and in 1924, they hung up ten straight victories.

Albert Smith, famous Italian distance runner who once competed on the Canadian Olympic team, has started a comeback by winning a three-mile race.

House, captain of the Yale swimming team and the intercollegiate record holder in the back stroke, is now one of the star members of the Cleveland Athletic club team.

Chandlers to Meet Troy Tonight

Tonight the Chandlers and Troy M. C. A. teams will put on a basketball war at the "Y" court, that is expected to be one of the most heated ever staged in this city. The Chandlers, who eliminated the from a chance to get a crack at the Northeastern District champions last year. The Chandlers, representing the Kingston Y. M. C. A., are the holders.

According to their recent court records, the Chandlers and Trojan are about of the same calibre. The hold wins over the strong Schenectady "Y" team and other fast stations act in combat since the opening of the season.

The Chandlers will have Earl Lane, who has been playing with the celebrated Y's Men's team, in place. Joe Blass in tonight's lineup. It is expected that his presence will strengthen the "Y" representative considerably. Blass is not playing basketball on account of illness.

Frank N. "Pop" Hinds, physical director of the Y. M. C. A., and one of the Chandlers, who represent the "Y", will have the following ready to send into tonight's contest: Merritt, Niles and Fox for the forward berth; Krum and Kennedy center, and Hoffman, Dulin and Lane for the back court.

Nobody will consider you safe for keeping all your temper.
